

# MY SUMMER HOLIDAYS

RITA MALÓ, PORTUGAL

I spent my holidays in Guimarães with my cousin, my friend and my mother because we went to a championship. We spent a lot of time in the stadium.

We saw the castle of Guimarães, this castle was one of the first castle in Portugal, because Guimarães is “ o berço da nação” and this means cradle of the nation.

We stayed in the stadium Multiosos de Guimarães, there they often have concerts and conventions. I had my competition there.

We stayed in a hotel that was in the middle of the historic center. I took a picture in the window of the hotel.

A little more about Guimarães, in the middle of the city they had one wall that´s written “aqui nasceu Portugal” and that means here Portugal was born!
