

Spinning top game

Materials

- **To play in a traditional way you need a spinning top, rope and something to draw a circle on the floor.**

How to play?

- **A circle is drawn on the ground with a radius of 1.5 meters, where players will launch the top in an orderly manner.**
- **The rest of the players, one at a time, try to throw the top out of the circle. Whenever a player manages to remove the top of the other player wins a point.**
- **Each game consists of three series of releases, beating the player who gets the most points.**
